Welcome to Left Coast Seafood!

We have been local family owned & operated since our opening in March of 2002. Our family has owned & operated local area restaurants for 3 generations. We work with local produce suppliers & fishermen to provide a quality product at an affordable price.

Left Coast is operated by two Venice High graduates & we give back to the community that has been so kind to us. We contribute to local food banks & organizations, and our customer participation in these fundraisers has been overwhelming. Thank you for your continued support of LCS as well as the surrounding community.

Consumer Information: There is a risk associated with consuming raw oysters. If you have chronic illness of the liver, stomach or blood or have immune disorders, you are at greater risk of serious illness from raw oysters, and should eat oysters fully cooked. If unsure of your risk, consult a physician.
Consumer Advisory: There is increased health risk associated with eating undercooked or raw meats, poultry, seafood, shellfish, or eggs and may increase the consumer's risk of food borne illness.

A gratuity of 18% will be added to tables of 8 or more.
